

High Automation Lithium Battery Making Machine Battery Electrode Heat Film Coater

Our Product Introduction

for more products please visit us on lithiumbatterymachine.com

Basic Information

- Place of Origin: China
- Brand Name: MRBEST
- Certification: CE
- Model Number: MR-TMH800
- Minimum Order Quantity: 1 Set
- Price: Negotiable
- Packaging Details: Standard Export Wooden Packing
- Delivery Time: 7-20 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 500 sets per month

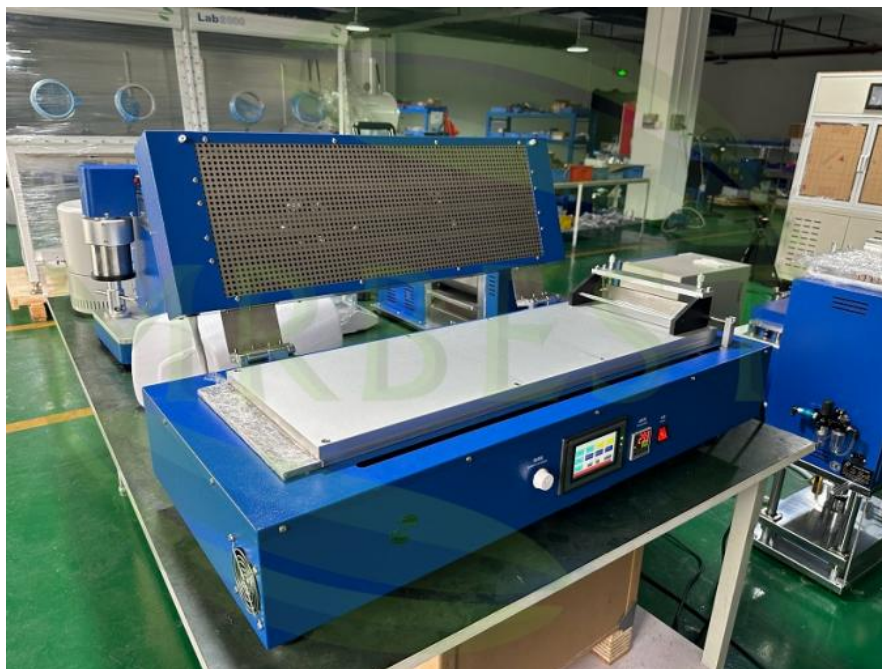

Product Specification

- Name: Battery Heat Film Coater
- Doctor Blade: 150mm Fixed Width As Standard, Other Size Optional
- Coating Length: 800mm Maximum
- Max Heating Temperature: 150
- Heating Type: Top Heating
- Vacuum Pump: Built In Oil Free Vacuum Pump
- Highlight: **High Automation Lithium Battery Making Machine**
, Electrode Lithium Battery Making Machine,
Battery Electrode Heat Film Coater

Product Description

Battery Making Machine Battery Heat Film Coater For Electrode Preparation

MR-TMH800 is a large desktop film tape casting machine with vacuum chuck, which widely used in all kinds film coating research, like ceramic films, crystal films, lithium battery electrode coating, etc. It is designed with top cover heating, the heating temperature up to 150 adjustable and digital display. The coating speed, coating stroke length, coating thickness adjustable. 800mm coating length makes it perfect for cylindrical cell electrode coating.

Features

- Touch screen operation, high automation.
- Vacuum aluminium chuck is designed for quick suction of substrate.
- Coating stroke length is adjustable.
- Coating speed can be set.
- 800mm coating length, perfect for cylindrical cell coating.

Technical Paramters

Model	Battery Heat Film Coater MR-TMH800
Power supply	AC110V/220V optional upon request
Max coating stroke length	800mm adjustable (customized size is available)
Doctor blade	150mm fixed with & adjustable width optional
Coating thickness range	0.01~3.5mm adjustable
Heating temperature	Up to 150 adjustable, digital display
Vacuum chuck	L865 * W200 * H30mm
Vacuum pump	External connected
Coating speed	0~200mm/s adjustable
Dimension	L900 * W310 * H330mm
Weight	100kg

Our Advantages

1. Steady and high quality ! -cause we are a manufacturer of Lithium Battery Equipment, and we only focus on one thing that is make professional Lithium ion Battery Equipment for customer around the world.
2. Friendly use! all MRBEST Battery Equipment with teach manual and support live teaching via media.
3. Reliable factory! My factory located in Shenzhen city of China, support factory visit and video factory visit .
4. 1 year warranty plus lifetime technical support.
- 5.All the parts use on machine, in stock forever.
6. Powerful technical support, NOT TRADE COMPANY! We are professional on Lithium Battery Equipment, the chief engineer team have more than 20 years experience on lithium battery area, so we can easy do diagnose on machine if customer have question.
7. 100% PATIENCE to all customers! Our patience not only before consult order, also after-sale service, one by one .
